## Top-Rated Outback

I just found another good reason to appreciate my Outback Wagon! Based on the annual vehicle insurance ratings from my auto insurer, the Outbacks (2002-2005 models) are among those top-rated cars on its Liability Rating Index, Vehicle Safety Discount and Damage & Theft Index. I feel so wonderful that my car is among some Audis, BMWs, Mercedes, Saabs and Volvos for the same measures.

## First Love

I finally bought my first new car – and it's a Subaru! I love it! My first Subaru experience was in 1970, as a poor college student. My girlfriend loaned me an older Subaru car. I call it a car, but it barely sat two people. It was so tiny, with 10-inch wheels, perhaps 10 feet long. But it had a two-stroke engine that got about 50 miles to the gallon, and it was so much fun to drive! Do you recall these vehicles?

*You have described the Subaru 360, the first Subaru car. It was introduced in Japan in 1958 and built until 1970.*

## At the End of the Rainbow

As I was driving home, I noticed the rainbow and had to stop to take a few pictures.

My WRX takes me safely through mud, under the rain, to the end of the rainbow!
